Hi there,

The original request and questions are below:

A 15 minute presentation with 45 minutes for Questions and answers;

During the presentation, CM Felder would like EPA to address the following questions he has received from his constituents in District 7;

How and When was the contamination discovered at Lane Plating?

- CM Felder is requesting from EPA to collect samples and analyze the soil and groundwater in and around Joppa Preserve; he also wants the EPA to perform medical testing on citizens who live in Joppa Preserve.

- If residential properties in Joppa Preserve are impacted by releases from Lane Plating Works, are their funds from EPA to either help relocate, purchase, or remediate these properties?

- Is there or will there be funds to help cover medical costs for Joppa preserve citizens who may be impacted by the releases at Lane Plating?

Thanks,

-Ed-
